

## CHECKLIST FOR PATHOLOGY CONSULTATION

Below is a checklist to help you submit the appropriate material(s) and document(s) for pathology consultation:

1. Pathology Consultation Form
2. Clinical History Report: This report must have the same identifying number as the glass slides and/or paraffin blocks. This allows the pathologist to verify specimen identity.
3. Paraffin blocks and/or unstained slides or other materials: Any unstained sections should be on Plus(+) or charged slides suitable for possible immunohistochemistry
4. For International shipments, Please include the Letter to US Customs.

### **SEND PACKAGE(S) TO:**

**Specimen Site(s): 1**

**Specimen Site(s): 2**

**Specimen Site(s): 3**

### Acknowledgment

I acknowledge that CPC Pathology will become the custodian of all material submitted with this consultation request for 7 days post sign out. Materials will be returned by standard US mail, unless a FED EX or UPS account number is provided.

Submission of an order for pathology consultation and report constitutes certification to CPC Pathology that referring physician acknowledges that such consultation will result in the issuance of a report and could require additional testing. Referring physician further represents that: (1) "Informed Consent" has been obtained from subject patient as required by any applicable state or federal law with respect to each test contained in CPC's test menu that may need to be performed; (2) authorization has been obtained from subject patient permitting the referring physician to seek a consultation from CPC (and for CPC to report results directly to the referring physician); and (3) the subject patient has acknowledged that any such request for a consultation may lead to additional charges for such consultation and/or additional testing and, if required, the subject patient has agreed to pay such amounts.

Patient name:

To Whom It May Concern,

The package in your custody, relating to the above patient, contains biopsies of human tissue. These specimens are sent in the form of slides or wax blocks and are not infectious or contagious.

These specimens are necessary for the diagnosis of medical conditions and expediting their shipment is critical to the care of the patient. Should you have any further questions please do not hesitate to contact our office.

Sincerely,

X   
\_\_\_\_\_  
Michael P. Viglione, M.D., Ph.D.
